

## Allied Automation Training Center

When an Allied Automation expert walks in your door, everything is on the table. We're engineers first so our goal is the same as yours – finding the best solution for you, not just selling you a specific brand or part. In Allied, you have a partner who gathers all the information available, learns your specific needs, then puts together all the pieces to find the parts or the system that's just right for you.

# Transforming Businesses with Customized Training Solutions

## Introducing Mitsubishi Diamond Certified Training Center

Our state-of-the-art, Mitsubishi-Certified Training Center gives customers a convenient source for training on:

- **PLCs**
- **Robotics**
- **Motion Controls**
- **VFD**
- **HMI**
- **Software**
- **and more**

Call Allied Automation or visit our website to view a list of our monthly classes. If there is something that you don't see, simply contact us to request a class. Strategic customized sessions are commonly provided to fast track challenging installations. No matter what your need is, we can find a solution for you.

Allied Automation is an Indianapolis-based leader in technology-based manufacturing solutions. Since 1981, we've been committed to the cutting edge, partnering with world-class brands to offer the best products and systems around. We're ready to help you make a difference.
