

UNIVERSAL ROBOTS

The UR Cobots are packed with truly amazing benefits.

- 1 Intuitive programming
- 2 Fast set up
- 3 Flexible deployment
- 4 Collaborative and safe cobots
- 5 Fastest payback in the Robot Industry

1

Quick payback:

UR cobots routinely deliver payback within a year.

G5

HUMAN-ROBOT COLLABORATION IS 85% MORE PRODUCTIVE

than humans or robots alone

Source: MIT research data on financial Times article "Meet the cobots: humans and robots together on the factory floor"

They free people up to do what they're good at: creating, collaborating, and doing something amazing.

Collaborative robots, or cobots, expand capacity for businesses of all sizes. They can change the way employees work; integrate seamlessly with existing processes, layouts, and equipment; and improve quality across many applications. Collaborative automation makes the workplace safer and lets workers pursue more valuable tasks.

Applications

Welding

Empower your welders while maintaining consistent, high weld quality and improving workplace safety.

Palletizing

Protect your people from repetitive work while optimizing end-of-line with payback on investment in less than a year.

Machine Tending

Improve work safety for your machine tending people while saving cost and increasing productivity.

Industries

- **Automotive and Subcontractors**
- **Food and Agriculture**
- **Furniture and Equipment**
- **Electronics and Technology**
- **Metal and Machining**
- **Plastic and Polymers**
- **Pharma and Chemistry**
- **Scientific and Research**
- **Your Industry?**

Universal Robots' three tiers of Service Offerings, UR CARE, UR INSIGHT, and UR PERFORMANCE, are tailored to your needs.

UR Care

Get a successful deployment, an easy-to-use portal, and e-learning to keep your business on track. This service is included with every cobot purchase.

- UR Academy e-Learning
- Ticket Management via myUR
- myUr Monitoring Dashboard
- Notifications
- Log report
- Annual Cobot Performance Check
- Expert recommendations and advice
- Covered under warranty

UR Insight

Universal Robots ensures you have sufficient insight from the cobot to drive the right decisions. Achieve understanding by collecting and analyzing data about your cobot.

- UR Academy e-Learning
- Ticket Management via myUR
- myUr Monitoring Dashboard
- Notifications
- Log report
- Annual Cobot Performance Check
- Expert recommendations and advice
- Covered under warranty

UR Performance

A service that will help you to optimize performance of your cobot and build your confidence in a product that just works. Leverage cobot expertise and consultation to optimize configurations, productivity and performance.

- UR Academy e-Learning
- Ticket Management via myUR
- myUr Monitoring Dashboard
- Notifications
- Log report
- Annual Cobot Performance Check
- Expert recommendations and advice
- Covered under warranty

UR INSIGHT includes everything in UR CARE and introduces the ability to connect the robot for visibility and analysis of daily activities.

myUR Monitoring Dashboard

- Track cycle times and cycle counts in real-time from a smart device
- Monitor multiple robots' workcells on one dashboard and access the dashboard from any networked computer

Notifications

- Receive notifications for robot stops, alarms, and application-specific events while at the office or on the road

Log Report

- Diagnose production inefficiencies and gain a deeper understanding of your productivity through exportable/downloadable log reports.

UR PERFORMANCE includes everything in UR INSIGHT, adding an annual performance check conducted by an automation expert and the ability to extend your warranty.

Annual Cobot Performance Check

- Ensures the cobot configuration is set up correctly
- Areas of risk, potential wear, and possible efficiencies are all highlighted

Expert Advice

- High-level personalized expert recommendations

Covered Under Warranty

- Option to extend the warranty of the robot up to 36 months.
- Extended warranty requires the Annual Cobot Performance
- Check be conducted annually

System specifications

Unboxing your UR cobot:

- 01 Robot arm
- 02 Control box
- 03 Teach pendant
- 04 Cable (available in 4 options)
- 05 Base flange connector

Every e-Series purchase includes a 6 m standard cable and a base flange connector that enables through-side and throughhole mounting for your robot.

The cable suite offers variants available for separate purchase that simplify the deployment of many common applications, like extending your range with a 12 m version of the standard cable. Also available is the High-Flex cable, designed to withstand more extensive and repeated bending. Making the right selection from the cable suite helps manufacturers tend multiple machines, weld larger workpieces, and increase pallet height with ease

Cable suite

Specification	Standard*	Standard Extended**
Material	PVC	PVC
Color	Black	Black
Length	6 m (19.7 ft)	12 m (39.4 ft)
Diameter (d)	12.1 mm (0.48 in)	12.1 mm (0.48 in)

Specification	High-Flex**	High-Flex Extended**
Material	PUR	PUR
Color	Blue	Blue
Length	6 m (19.7 ft)	12 m (39.4 ft)
Diameter (d)	13.4 mm (0.53 in)	13.4 mm (0.53 in)
Bend Radius	4 x d (static) 8 x d (dynamic)	4 x d (static) 8 x d (dynamic)
Bend Cycle	5 million	5 million

* Included with robot purchase

** Separately sold accessory

When an Allied Automation expert walks in your door, everything's on the table. We're engineers first so our goal is the same as yours- finding the best solution for you, not just selling you a specific brand or part. In Allied, you have a partner who gathers all the information available, learns your specific needs, then puts together all the pieces to find the parts or the system that's just right for you. Contact your Allied Automation representative today.
